

How to Contribute to the Regions 2020 Website

Katy Hall, CPL Scientific
Publishing Services Ltd

What is Regions 2020?

The **Regions 2020 Network** acts as an enabling environment to inspire EU Regions to take up the challenges of fulfilling the European Union's 20-20-20 climate and energy targets.

It enables Sustainable Energy **Regions, Communities, Projects, Initiatives** and **Stakeholders** to **exchange experience** and **promote** their actions towards developing and implementing **Sustainable Energy Action Plans (SEAPs)** and **Projects (SEPs)**.

Do you want to learn from the best...?...So do we!

You can Promote Your Region, Local Community or European Project by becoming a **Regions 2020 Network Member** and contributing to the content of this website by:

- ❖ Adding your **Region or Community**
- ❖ Adding a Profile Page for your **Organisation**
- ❖ Adding **Resources**, such as Sustainable Energy Action Plans (SEAPs), Tools and Methodologies, Sustainable Energy Projects (SEPs), Images, PDF files, etc.

How to Join the Network

❖ **Join Us** and become a **Regions 2020 Network Member**

➤ **Don't forget to: Tick the box on Page 2 of the Registration form to:**

Join the Regions 2020 Network

Subscribe to Sustainable Energy Communities Services

year (2010-2013)

information about specific **Regions 2020**

be able to add an optional Profile of your organisation. The Sustainable Energy Communities Projects will use the information you provide to assist you in your local and regional Sustainable Energy and/or Covenant of Mayors activities. In 2011, the profile information will also become available to all Regions 2020 Network Members.

INTRODUCCIÓN - Sobre esta guía

La Unión Europea está liderando la lucha global contra el cambio climático convirtiéndola en su mayor prioridad. La UE se comprometió a reducir sus emisiones globales en al menos un 20% respecto a los niveles de 1990 para el año 2020. Las autoridades locales de la UE. El Pacto de Alcaldes de manera voluntaria cumplirá a través de la implementación de Planes de Acción para la Energía Sostenible (PAES). El propósito de esta guía es ayudar a los signatarios del Pacto de Alcaldes a cumplir los compromisos adquiridos con la firma del mismo, así como a preparar durante el año inmediatamente posterior a su adhesión oficial:

- Un Inventario de Referencia de las Emisiones (IRE)
- Un Plan de Acción para la Energía Sostenible (PAES)
